FROM BURSLEM TO BARCELONA

North Staffs Special Chair and Stairlift firm is just everywhere!

By **Modesto Capricho-Rubio**, Madrid Correspondent

Challenges facing the ancient Egyptians produced results worthy of the skills of engineers and scientists centuries far ahead of their time - building pyramids for example. Modern technology will never enable a repeat or copy some of their successes. Another unique talent from their era was the use of MASSAGE, to help with aches pains, stress

and many chronic conditions. That particular achievement however, has been copied and developed through the ages, with new styles and methods becoming established and beneficial. The high-tech 21st century now means such treatments can even exist in your own home *without* the need to call on an expensive professional or travelling to Egypt! Now, a well-known Staffordshire based company, Castle Comfort Centre of Wolstanton, has just announced the exciting news that the renowned SPANISH THERAPY MASSAGE CHAIR range has been added to their flagship specialist products. We'll explain how it came about

The opening of CCC's Madrid office to handle overseas Stairlift enquires has seen another exciting product development. Within weeks of their permanent presence in one of Europe's main (continued on page 2)

PUBLIC ANNOUNCEMENT
